

# Aruba Certified Mobility Expert (ACMX) V6.4

This certification validates your ability to design and deploy complex, enterprise-level networks using your comprehensive knowledge of the latest networking innovations in Mobility from Aruba, a Hewlett Packard Enterprise company.

With an emphasis on Aruba Controllers, this certification validates your ability to design and deploy large-scale Mobile First Networks integrating Aruba Controller, Access Point and AirWave products. The Aruba Certified Mobility Expert V6.4 certification also verifies your expertise to troubleshoot large-scale Mobile First Networks.

## Why earn this certification?

Earn this certification to:

- Differentiate yourself as a leader in integrating innovative Aruba Mobile Networking solutions
- Position yourself as a master integrator capable of integrating large-scale Aruba Mobile First Networking deployments using the Aruba Controller, Access Point and AirWave product lines
- Demonstrate your ability to design and deploy highly-scalable, custom Mobile First Networking solutions that support enterprise business requirements
- Enhance your career and job satisfaction as an Aruba Certified Mobility Expert

## Candidate

Typical candidates for this certification are networking IT professionals with a minimum of three to five years experience in designing and integrating complex enterprise-level Mobile First Networks.

## Skill level

Master

## Steps to acquire this certification

### Before you begin:

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). Then create a profile with Pearson VUE, our exam delivery vendor. [Learn how in the Learning Center Assist Kit.](#)

### Step 1: Do you qualify for an upgrade path?

There are no upgrade paths available for this certification.

### Step 2: Register or apply for this certification

[Register for this certification in The Learning Center](#)

### Step 3: Verify or complete prerequisites

#### Prerequisite Path 1

Choose this path if you have this prerequisite set.

You must have 1 of these:

- [Aruba Certified Mobility Professional \(ACMP\) V6.4](#)
- Aruba Certified Mobility Professional (ACMP) V6.3 (inactive)
- Aruba Certified Mobility Professional (ACMP) V6.1 (inactive)

#### Prerequisite Path 2 - upgrade from previous versions of Mobility Expert

Choose this path if you have this prerequisite set.

You must have 1 of these:

- Aruba Certified Mobility Expert (ACMX) V6.0 (inactive)
- Aruba Certified Mobility Expert (ACMX) (inactive)
- HPE0-A112P: Aruba Certified Mobility Expert 6.3 Practical Exam (inactive)

### Prerequisite Path 3 - upgrade from Design Expert

Choose this path if you have this prerequisite set.

You must have 1 of these:

- Aruba Certified Design Expert (ACDX) V6.3 (inactive)
- Aruba Certified Design Expert (ACDX) (inactive)

### Step 4: Complete recommended training

Training is highly recommended. Training helps you pass the exam. Training is not required for most certifications.

#### Prerequisite Path 1
