

Aruba Certified Switching Associate (ACSA) V1

The Aruba Certified Switching Associate (ACSA) V1 certification validates that you have the fundamental skills to configure and manage modern, open standards-based networking solutions for small-to-midsized businesses (SMBs) and campus networks.

This certification validates your skills on the networking fundamentals of ArubaOS switches and file structures including VLANs, secure access, redundancy technologies, and Aruba's Virtual Switching Framework (VSF). It verifies your ability to deploy Aruba wireless Access Points and configure Aruba Instant Access Point (IAP) Clustering technology. This certification also validates you know how to configure, manage and monitor network deployments with the Aruba AirWave management solution.

Why earn this certification?

Earn this certification to:

- Elevate yourself as a trusted team member who contributes to the design, deployment and management of modern Aruba Mobile First Network solutions
- Advance your career as a Aruba Certified Switching Associate who understands how to apply Aruba Switching Fundamentals for Mobility
- Enhance your job satisfaction with an Aruba technical certification

Candidate

Ideal candidates for this certification are networking IT professionals with a minimum of six months experience in deploying small-to-medium scale network solutions.

Skill level

Professional

Steps to acquire this certification

Before you begin:

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). Then create a profile with Pearson VUE, our exam delivery vendor. [Learn how in the Learning Center Assist Kit](#).

Step 1: Do you qualify for an upgrade path?

- [Aruba Certified Switching Associate \(ACSA\) V1 - upgrade from Cisco, Juniper or Brocade](#)
- [Aruba Certified Switching Associate \(ACSA\) V1 - upgrade from HP ATP - FlexNetwork Solutions V3](#)

Step 2: Register or apply for this certification

[Register for this certification in The Learning Center](#)

Step 3: Verify or complete prerequisites

There are no prerequisites required for this certification. Go to Step 4.

Step 4: Complete recommended training

Training is highly recommended. Training helps you pass the exam. Training is not required for most certifications.

| Course # | Course Name | Format - Typical duration | Register for course |
|----------|--|---------------------------|---------------------|
| | Training for Exam HPE6-A41: Applying Aruba Switching Fundamentals for Mobility | | |

| Course # | Course Name | Format - Typical duration | Register for course |
|----------|---|---|--------------------------|
| 01077931 | 01077931: Aruba Switching Fundamentals for Mobility, Rev. 16.41 | VILT - 3 days ILT - 3 days WBT - 3 days | Register |

WBT = Web Based
